Maloo, 25th April, 1878.  
 Sir,—A deep sense of gratitude will  
 invade my bosom. All the year I was  
 troubled with a skin-witch, which was  
 my pain in the head, loss of the hair,  
 and hearing of your Oomiooia I took a

how how speedily they can be relieved of their sufferings. My children (four boys, all under 12) have been home for many days, and their shrieking, yelling, and howling for your Comiconia was unbearable. For consolation I tried it for them all, and peace and joy and bliss and swelling. Wishing you success you are sure to receive, and New-Year.

I am yours,

to estimate that, during the month of October, 1878, the average price of wheat was 21 Cents per Pound; the smallest sold FOUR POUNDS, & the largest demanded at present is more than 20 Cents per Bushel. Therefore, the above we have decided upon this advance in price, with the object of keeping the community supplied with the best of machinery, and so endeavouring to give farmers a share. As soon as we feel the necessity of raising our price, we will reduce the usual Two Cents per Pound, & thank the Community for the support we have hitherto accorded us, we trust that you will be able to afford the wants of all, as next year, with the aid of our new Machinery, there will be no supplies, and the price will be raised above the charge of 2 Cents per Bushel.
